

# OR-TEC ROTARY RAKE SCREEN

*OR-TEC Rotary Rake Screens are perfect for screening grease trap wastes as well as domestic septage. They are also suitable for fine and coarse screening of the influent to municipal and industrial wastewater treatment plants and for almost any application where inexpensive, efficient screening is required. Units are manufactured from stainless steel in USA*

*A simple self-cleaning screen for municipal wastewater treatment plants, industrial effluents, sewage works, recirculation waters, feedwaters, grease trap wastes etc.*

OR-TEC Rotary Rake Screen

*Slowly rotating rakes remove screened particles and a dampened scraper system discharges them from the screen ready for disposal*
