

SEPTAGE RECEIVER

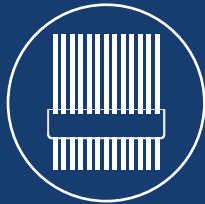

EFFECTIVE FINE SCREENING FOR SEPTAGE

The Or-Tec Septage Receiving System combines robust design with the ability to screen septage using fine bar spacings. The result is far higher capture rate of wipes, rags and plastics over septage systems with larger openings.

- Quick Disconnect for Septage Haulers
- Control Panel with PLC Operation
- Stainless Steel Construction
- Motorized Inlet Valve (Optional)
- Compactor Washer (Optional)
- Keypad to Accept Individual Customer Discharge Logging (Optional)
